intervention, in the experience, brings them to the right judgment, if they are of that kind.

Without the receipt of the knowledge of things, the mind of man is in darkness; and in the midst of darkness, the mind of man is in darkness. For the mind of man is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness.

For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness.

For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness.

For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness.

For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness.

For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness.

For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness.

For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness.

For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness.

For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness. For he who is in darkness is in darkness, and he who is in darkness is not in darkness.
